

Engineering & Design

Written by OnTops.vn

OnTops has an engineering & design team formed by 8 Design Engineers and 2 Program Planning Engineers.

Whether you have an idea or existing design, our experience and expertise in engineering and design may benefit you as a customer in further perfecting your initial drawing or in having an entirely new CAD, Solid Works, NX, CAD/CAM.

We will work with you all the way to project completion to turn your idea into an optimized design and make sure that all your requirements are met.
